DETAILED ACTION

1. Claims 14 and 15 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Independent claim 1 has been amended to claim only the second embodiment shown in figure 4 and described on pages 21-24. This embodiment does not disclose using either a laser beam delivery means comprising a plurality of conduit sections placed in sequence one after the other, each laser beam delivery section being displaceable with respect to the adjacent laser beam conduit sections around at least one and preferably two axes as claimed in claim 14, nor does this embodiment disclose using a fibreoptic cable as claimed in claim 15. Consequently claims 14 and 15 now contain new matter due to the amendment to independent claim 1.

2. Applicant's arguments filed 28 September 2007 have been fully considered but they are not persuasive with respect to the new rejection above which was necessitated by the amendment of 28 September 2007.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

4. Please note that in analyzing claims 10-13 the broadest range has been used. See MPEP section 2173.05(c). Applicant is encouraged to clarify the language in these claims.

5. Claims 1-5, 7-13 and 16 are allowed.
